THE CHAPEL

SUPERINTENDENT'S REPORT

To Dr. E. Delia Dixon-Carroll, President, and Members of the Board of Directors:

MADAM PRESIDENT: I have the honor of presenting the sixth Biennial Report of the State Home and Industrial School for Girls, known as Samarcand Manor, for the period ending June 30, 1930.

During this biennium we have met with a great loss in the passing of our beloved president, Dr. A. A. McGeachy. From the beginning twelve years ago, when the school was only a vision, Dr. McGeachy was one of its most ardent supporters. His keen understanding and practical point of view helped largely to lay the foundation of this school.

Our high school has been placed on the accredited list. This has proved a great incentive to the students as one-fifth of those sent here have attained that grade. They come to us owing to lack of proper supervision at a time in their lives when their emotional nature is most dominant. The daily routine of household tasks, laundry, farm, school and play open up a normal vision of life to the girl and she begins to find herself.

RELIGIOUS SERVICES

We continue to hold our church service in the beautiful chapel, built by the King's Daughters, at 3:00 P. M. every Sunday.

First Sunday, Rev. Mr. Matheson, Presbyterian, Jackson Springs.

Second Sunday, Rev. Alaric Drew, Episcopal, Southern Pines.

Third Sunday, Rev. Mr. Jackson, Baptist, Pine Bluff.

Fourth Sunday, Rev. Mr. Brown, Methodist, Biscoe.

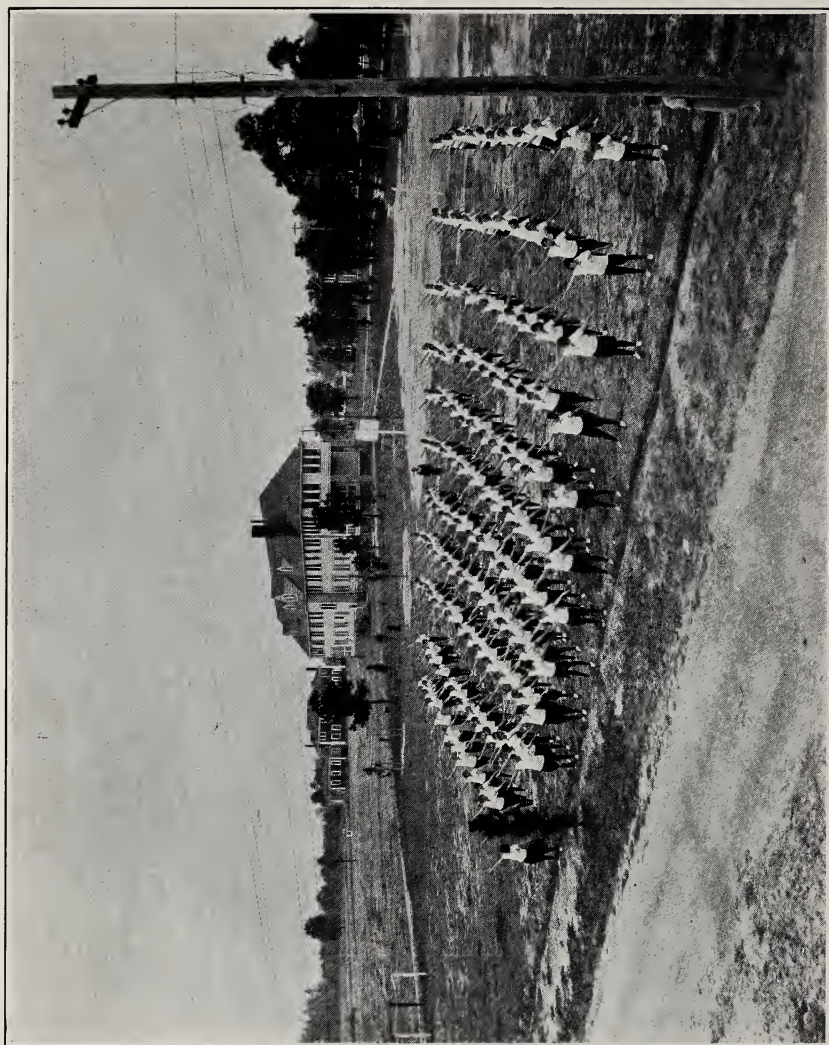

Fifth Sunday, the girls hike over to the Little White Church.

These services have been very interesting and instructive each Sunday.

We are sorry to record the death of Rev. Alaric Drew. He always had an earnest and helpful message for us all.

We are very much indebted to the Baptist for keeping us supplied with Sunday School literature, quarterlies and Sunday School papers.

Governor O. Max Gardner appointed an Advisory Committee this biennium. They are all interested and enthusiastic members and we are delighted to welcome them into our midst.

With our new tractor a field was properly prepared for alfalfa and results show that it more than paid. Four sixteen-acre fields were fenced in for rotation crops and pastures. The above is entirely due to the efforts of Mr. Leonard Tufts, who supervised and directed it. His great interest and oversight of our dairy from the beginning has never ceased. Through his efforts we have sold thirteen young stock. If he could not come himself, he sent someone else.

His interests are not only in the farm and dairy, but we owe our accredited library largely to his thoughtfulness and generosity.

We most heartily thank the Club Women of the State, King's Daughters, Meredith College, Peace Institute, Superintendents of Public Welfare and all others for so kindly remembering the girls of our great State at this festive season.

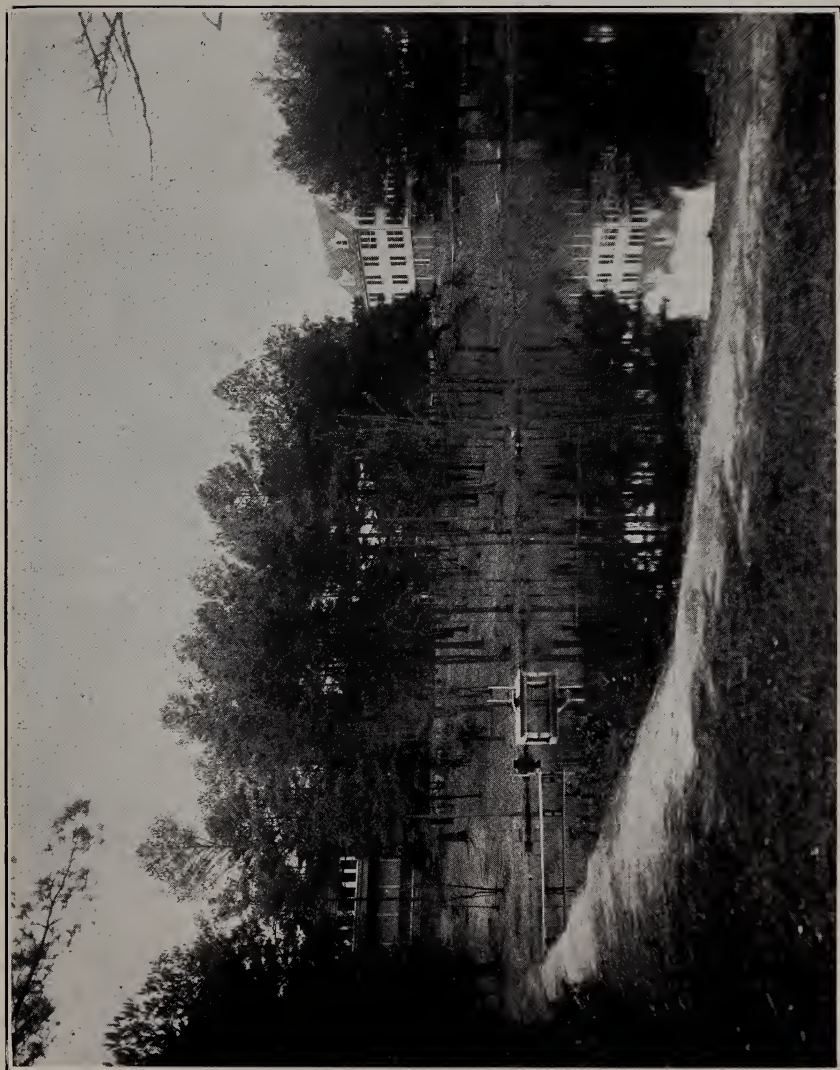

No matter how much a girl may cherish gifts from elsewhere, the one from "my county" comes first in her heart.

To my Board of Directors I wish to express my hearty thanks for their never-failing helpfulness and encouragement.

Respectfully submitted,

AGNES B. MACNAUGHTON,

Superintendent.
